INDEPENDENT AUDITORS' REPORT

Office of the Secretary
Department of Housing and Community Development

We have audited the accompanying financial statements of the Community Development Administration Local Government Infrastructure Bonds (Ambac Insured) (the Fund) of the Department of Housing and Community Development of the State of Maryland as of and for the years ended June 30, 2005 and 2004 as listed in the table of contents. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Community Development Administration Local Government Infrastructure Bonds (Ambac Insured) and do not purport to, and do not, present fairly the financial position of the Department of Housing and Community Development of the State of Maryland as of June 30, 2005 and 2004, and the changes in its net assets and cash flows, where applicable, thereof for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Community Development Administration Local Government Infrastructure Bonds (Ambac Insured) of the Department of Housing and Community Development of the State of Maryland as of June 30, 2005 and 2004, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
(in thousands)

June 30, 2005 and 2004

NOTE 1 - AUTHORIZING LEGISLATION AND PROGRAM DESCRIPTION

The Community Development Administration (CDA) is authorized to issue Local Government Infrastructure Bonds (Ambac Insured) pursuant to Sections 2-201 through 2-208 of Article 83B of the Annotated Code of Maryland to provide a mechanism for financing the infrastructure needs of local governments. CDA is in the Division of Development Finance in the Department of Housing and Community Development (DHCD) of the State of Maryland.

The accompanying financial statements only include CDA's Local Government Infrastructure Bonds (Ambac Insured) (the Fund). CDA's other Funds are not included.

The Fund was established to issue bonds to provide funds for construction and permanent financing to local governments for public facilities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Local Government Infrastructure Bonds (Ambac Insured) is accounted for as an enterprise fund. Accordingly, the accompanying financial statements have been prepared using the accrual method of accounting and on the basis of accounting principles generally accepted in the United States of America (GAAP).

Generally Accepted Accounting Principles

CDA reports its financial activities by applying Standards of Governmental Accounting and Financial Reporting as promulgated by the Governmental Accounting Standards Board (GASB). CDA has adopted GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting*. Consequently, CDA applies all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) Statements and Interpretations, APB Opinions, and ARBS of the Committee on Accounting Procedure issued on or prior to November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

June 30, 2005 and 2004

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

CDA has adopted GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis*. Under GASB Statement No. 34, net assets should be reported as restricted when constraints placed on net asset use are either: externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or are imposed by law through constitutional provisions or enabling legislation. Accordingly, all net assets of the Fund are restricted as to their use as all net assets are pledged to bondholders.

The Annual Financial Report may include a Management's Discussion and Analysis. Since CDA is an enterprise fund included in the State of Maryland's Comprehensive Annual Financial Report, a separate Management's Discussion and Analysis is not required in these financial statements. CDA prepares a Management's Discussion and Analysis for the General Accounting Division of the State of Maryland that is not part of these financial statements.

Recent Accounting Pronouncements

Effective July 1, 2004, CDA adopted GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, an amendment of GASB Statement No. 3, *Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Repurchase Agreements*. GASB Statement No. 40 requires disclosure of information regarding investments: credit risk, interest rate risk, concentration of credit risk and custodial credit risk. This new statement does not have any impact on the Fund's financial position or results of operations. The disclosures are in Note 3.

Cash and Cash Equivalents on Deposit with Trustee

Cash equivalents may include money market funds, repurchase agreements, investment agreements and any other investments, primarily obligations of the U.S. Treasury and U.S. Government Agencies, which have maturities of 90 or less days at the time of purchase. As of June 30, 2005 and 2004, all of CDA's cash equivalents are invested in a money market mutual fund which is more fully described in Note 3.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Community Facilities Loans

Community facilities loans are carried at their unpaid principal balances, net of unamortized loan fees. See Note 4 for additional information on community facilities loans.

Allowance for Loan Losses

Community facilities loans are secured by the full faith and credit of the applicable local government. Therefore, CDA has determined that no allowance for loan losses was necessary as of June 30, 2005 and 2004.

Accrued Interest Receivable

Accrued interest includes both interest on cash deposits and interest on loans. As of June 30, 2005 and 2004, all loans were current. Therefore, all accrued interest on loans was recorded during the period.

Bonds Payable

Bonds payable are carried at their unpaid principal balances. There are no premiums or discounts to amortize. See Notes 5, 6, and 7 for additional information.

Fee Income

CDA earns financing fees at loan origination. These fees are deferred and amortized over the life of the loan.

Administrative Support

In addition to expenses incurred directly by the Fund, CDA receives certain support services from other divisions of DHCD. Support services and the operating expenses of CDA have been allocated to CDA's General Bond Reserve Fund and reported in the financial statements of CDA's Revenue Obligation Funds. The General Bond Reserve Fund records these expenses as invoiced by DHCD for the fiscal year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The employees of CDA are covered by the Maryland State Retirement and Pension System (the System) and the costs of employees' retirement benefits are included in the salaries and related costs charged to CDA's General Bond Reserve Fund. See Note 10 for additional information.

Revenue and Expenses

CDA distinguishes operating revenue and expenses from nonoperating items in conformity with GASB Statement No. 34. Operating revenue and expenses are identified as those activities that are directly related to financing public facilities for local governments. All of the Fund's activities are considered to be operating.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue, expenses, gains and losses during the reporting periods. Actual results could differ from these estimates.

Due to Local Governments

CDA records the total loan amount when the loan closes and collects interest from the local government on this full loan amount from the date of closing. Due to local governments represents the undrawn loan amount which is held by CDA as an escrow until the funds are needed by the local government.

NOTE 3 - CASH AND CASH EQUIVALENTS ON DEPOSIT WITH TRUSTEE

Proceeds from bonds and revenues from loans are invested in authorized investments as defined in the Local Government Infrastructure Bonds (Ambac Insured) Resolution (the Resolution) and in CDA's Investment Policy until required for financing projects, redeeming outstanding bonds and notes, and funding program expenses. Authorized investments include obligations of the U.S. Treasury, U.S. Government Agencies, investment agreements, money market funds and any other investment as defined by the Resolution.

As of June 30, 2005, the Fund had \$25,136 invested in a money market mutual fund (Federated Treasury Obligations Fund) which is classified as cash and cash equivalents. The following represents the GASB 40 evaluation of this asset for interest rate risk, credit risk, concentration of credit risk and custodial credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses from rising interest rates, CDA's Investment Policy requires that the maturities of the investment portfolio are scheduled to meet the cash requirements for bond debt service, projected loan originations and ongoing operations.

The Federated Treasury Obligations Fund invests exclusively in U.S. Treasuries and in repurchase agreements collateralized by Treasury securities. It is operated in accordance with Rule 2a-7 of the Investment Company Act of 1940, as amended. It can reasonably be expected to have a fair value that will be unaffected by interest rate changes because the interest rates are variable and the principal can be recovered on demand. As of June 30, 2005, the cost of this money market mutual fund approximated fair value and its maturity is less than one year.

Credit Risk and Concentration of Credit Risk

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Neither CDA's Investment Policy nor the Resolution require investment agreements or deposits to be collateralized. CDA's Investment Policy places no limit on the

amount that CDA may invest in any one fund. According to the Resolution, securities must be rated at the highest investment grade by any national rating agency. U.S. dollar denominated accounts and bankers' acceptances which have a rating on their short-term certificates of deposit must be in the two highest ratings of any nationally recognized rating agency.

As of June 30, 2005, the Federated Treasury Obligations Fund was rated AAAM by Standard and Poor's and Aaa by Moody's Investors Service.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank or counterparty failure, CDA will not be able to recover its deposits or the value of its collateral securities that are in the possession of an outside party. This money market fund is held in trust by the trustee, kept separate from the assets of the bank and from other trust accounts and are held in CDA's name.

NOTE 4 - COMMUNITY FACILITIES LOANS

Community facilities loans are secured by the full faith and credit of the applicable local government. As such, no allowance for loan losses was necessary as of June 30, 2005 and 2004. As of June 30, 2005, interest rates on such loans range from 2.73% to 4.87% with remaining loan terms ranging from less than 6 years to 29 years. As of June 30, 2004, interest rates on such loans range from 2.73% and 4.87% with remaining loan terms ranging from less than 7 years to 30 years.

NOTE 5 - BONDS PAYABLE

The bonds issued by CDA are special obligations of CDA and are payable from the revenue and special funds of the Resolution. These bonds do not constitute debt of and are not guaranteed by the State of Maryland or any other program of the State of Maryland or any political subdivision. The provisions of the Resolution require or allow for the redemption of

bonds through the use of unexpended bond proceeds and excess funds accumulated primarily through prepayment of community facilities loans. All outstanding bonds are subject to redemption at the option of CDA, in whole or in part at any time, after certain dates, as specified in the respective series resolutions. All bonds have fixed interest rates and all are tax-exempt.

NOTE 8 - BOND INSURANCE

All bonds of the Fund are insured by Ambac Assurance Corporation. The provisions of the policy require the insurer to pay that portion of the principal and interest on the bonds which become due for payment but are not paid by CDA. The insurance generally extends for the term of the bonds and cannot be canceled by the insurer.

NOTE 9 - NET ASSETS

At June 30, 2005, the balance in net assets for the Fund was a negative \$11. During 2005, this fund received loan financing fees in the amount of \$70 which were transferred to the General Bond Reserve Fund, a separate fund in CDA's Revenue Obligation Funds. The \$70 is recognized as deferred income in the Fund and amortized over the life of the loan as described in Note 2. As the deferred fees are amortized, the income will offset the amount transferred.

NOTE 10 - PENSION AND OTHER POST-RETIREMENT BENEFITS

Eligible employees of CDA and employees of the State of Maryland are covered under the retirement plans of the State Retirement and Pension System of Maryland (System) and are also entitled to certain healthcare benefits upon retirement. CDA's only liability for retirement and post-employment benefits is its required annual contribution, which was paid in full by CDA to the State of Maryland prior to year end. The System prepares a separate audited Comprehensive Annual Financial Report which can be obtained from the State Retirement and Pension System of Maryland, 120 East Baltimore Street, Baltimore, Maryland 21202 or by visiting the website at www.sra.state.md.us.
