Before

After

Introduction

On January 5, 2016, Governor Larry Hogan announced Project C.O.R.E., a four-year partnership with Baltimore City and the Maryland Stadium Authority to remove blight through demolition or stabilization as a catalyst for redevelopment and reinvestment. The Maryland Department of Housing and Community Development (the “Department”), the Maryland Stadium Authority (the “Authority”), the Mayor and City Council of Baltimore, acting through the Baltimore City Department of Housing and Community Development (the “City”), formed a three-track partnership and entered into a Memorandum of Understanding (MOU) for Demolition, Stabilization, and Deconstruction on February 10, 2016. The goal of this partnership is to improve economic opportunity, encourage redevelopment, and improve quality of life in Baltimore City neighborhoods.

The Project C.O.R.E. program was renewed for four more years beginning in FY20. This report provides a summary of the accumulated accomplishments of Project C.O.R.E. activities from FY2016 through the end of FY2021 on June 30, 2021.

Demolition and Environmental Protocols – Maryland Stadium Authority (MSA)

The Department, the City, and the Authority have worked closely with other agencies and interest groups to establish guidelines for the removal of blight as outlined in the [Project Manual](#). The Project Manual establishes demolition and environmental safety protocols. These best practices include:

- Environmental Assessments/Hazmat Survey: complete Site Assessment/Hazardous Material Survey on all properties to identify asbestos, lead, polychlorinated biphenyl (PCB), or any other potential hazards.
- Onsite Compliance Monitoring: onsite environmental/protocols compliance monitoring services
- Dust Monitoring: dust monitoring during all demolition and debris removal operations to monitor the effectiveness of dust suppression procedures and potential exposure levels.
- Fill Requirements: clean fill for all excavations and prohibition of use of crushed demolition debris.
- Sidewalk Replacement: replacement of sidewalks along public sides of demolished properties.
- Site Security: detailed site security measures to ensure the safety of the general public.

Stabilization and Preservation

The Department and the Authority are required under the Maryland Historical Trust Act of 1985 to consult with the Maryland Historical Trust (MHT) to determine whether or not the work would adversely affect historic properties that fall within boundaries of historic districts in Baltimore City. To that end, a programmatic agreement was signed and executed with MHT on September 8, 2016. One aspect of the agreement is that a minimum of 10 percent of Project C.O.R.E. resources will go toward building stabilization projects. This threshold has been exceeded. Through the end of FY20, the Department has supported 30 mitigation projects totaling \$12,087,000 in awarded funds, 27% of the \$44,353,848.33 committed towards demolition and deconstruction costs under the program. An estimated 194 properties are expected to be stabilized with Project C.O.R.E. funding.

In the spring of 2020, the Department initiated an amendment to the programmatic agreement which added a fifth phase to the initiative and modified the general mitigation measures section to the programmatic agreement. Phase 5 was finalized in FY 2021, and the properties are included in Exhibit B of this report with the other phases. One group of Phase 5 properties were released for demolition in FY 2021.

Property Identification

Project CORE funds are targeted primarily in areas of the city which have the highest levels of vacancy. Baltimore City has 297 distinct neighborhoods, of which 120 are in a Stressed Housing Market, according to Baltimore City’s 2014 Housing Market Typology. A Stressed Market is one where 6% to 30% of the housing stock is vacant. Since the launch of Project C.O.R.E. the Department and the City have worked to develop strategic lists of properties for demolition or deconstruction. These lists are referred to as the “phases” of the C.O.R.E. initiative. These lists are reviewed and approved by local community residents through meetings convened by the Baltimore City Department of Planning.

For Fiscal Year 2016, the Department and the City identified and executed an initial list (Phase 1) of 455 blighted properties for demolition. The FY17 list (Phase 2) was executed on October 11, 2017 and identified 124 properties for demolition. During FY 2018 Quarter 4, both the Phase 3 and Phase 4 lists were officially executed. Phase 3 identified 491 properties for demolition and/or deconstruction while Phase 4 identified 512 properties for demolition or deconstruction. Additionally, the City began the property selection process for Phase 5 during the second quarter of FY 2020, and a Phase 5 list was finalized in FY 2021. Beginning with Phase 5, the Department will execute portions of the proposed property list rather than the whole list at once. An initial group of Phase 5 properties were released for demolition in FY 2021. In total, 1,563 properties have been identified as approved blighted properties for demolition using this approach.

Through the end of FY 2021, Baltimore City released 28 Notices to Proceed (NTP) containing 1,381 properties for demolition or deconstruction. The City is continuing to undertake the legal processes necessary to prepare remaining properties for either demolition or deconstruction.¹

Redevelopment

From FY 2016 through FY 2021, the Department allocated more than \$53.1 million in Project C.O.R.E. funding to the Authority for demolition and deconstruction; in addition, more than \$46.6 million in Project C.O.R.E. funding has been awarded to nonprofit and private partnership projects for redevelopment projects. In sum, Project C.O.R.E. funding has totaled over \$99.8 million for the period FY16 through FY21 as itemized in the chart below.

	2016	2017	2018	2019	2020	2021	TOTAL
Maryland Stadium Authority	\$6,357,607.33	\$2,632,393.00	\$7,537,690.00	\$23,051,158.00	\$4,775,000.00	\$8,750,000.00	\$53,103,848.33
Requests for Application	\$2,775,000.00	\$15,760,000.00	\$11,883,666.85	\$2,954,884.00	\$3,075,000.00	\$10,250,000.00	\$46,698,550.85
Total	\$9,132,607.33	\$18,392,393.00	\$19,421,356.85	\$26,006,042.00	\$7,850,000.00	\$19,000,000.00	\$99,802,399.18

Project C.O.R.E funds must be matched at a minimum of 25% by project awardees and Baltimore City. Furthermore, Project C.O.R.E. has been supported by complementary Department financing, including Multifamily Housing, Neighborhood BusinessWorks, Single Family Housing, Community Legacy, and the Baltimore Regional Neighborhood Initiative. This complementary DHCD funding leverages substantial additional private sector investment.

From the inception of Project C.O.R.E. through the end of Fiscal Year 2021 on June 30, 2021, these programs have invested \$806,980,098 in Baltimore City while leveraging \$2,893,625,518 in other private, public and philanthropic dollars for total project costs of \$3,700,650,616. Additionally, these aforementioned programs have supported \$264,888,693 in awarded funds in Project C.O.R.E. areas leveraging \$1,333,421,112 for total project costs of \$1,598,309,805.

The following chart details how Project C.O.R.E. funds have been leveraged. Please note that Project C.O.R.E. areas (E, F, G, and H) are defined in accordance with Baltimore City’s 2014 Housing Market Typology.

¹ As properties are removed from the list due to a variety of reasons such as emergency demolitions and conversion to stabilization, the number of properties on each executed phase list will change. Please refer to Exhibit C for the full list as of the report date.

1) All data pulled from clean data and geocoded to verify if the given address is within the "Project C.O.R.E. Areas" (Baltimore City 2014 Housing Typology - E, F, G, or H). 2) Total Project Cost includes the Award Amount and State Funds and should not be summed to avoid double counting. 3) Total Project Costs for active fiscal years may fluctuate depending on a projects' standing within the award management cycle. 4) SDF-CORE numbers reported above include the projects representing encumbrances to Maryland Stadium Authority, the University of Maryland and other administration related to the MSA strategic demolition track. This is not representative of what has been disbursed to date. 5) State Funds is the combination of the the following programs: Rental Housing Program (RHP), Rental Housing Works (RHW), Partnership Rental Housing Program (PRHP), Shelter & Transitional Housing Facilities Grants (THG), and Financial Adjustment Factor (FAF). 6) CDA Multifamily uses the Sum of BondFund + TCredits + StateFund + FedFund

Blight Removal Status

From January 2016 through June 2021, the Authority, the City of Baltimore, and the Department removed a total of 4,797 units of blight through demolition, deconstruction, or stabilization. The summary chart below highlights key information²:

Project C.O.R.E. Units of Blight Removed 1/1/2016 to 6/31/2021			
	Complete	In Process	Total Completed and in Process
Maryland Stadium Authority	1,012	356	1,368
MOU Deconstruction	325	0	325
DHCD Request for Applications	1,337	214	1,551
Baltimore City Demolition, Deconstruction and Stabilization	2,123	95	2,218
Total	4,797	665	5,462

Project C.O.R.E. Request for Applications

Through the Department’s Project C.O.R.E. Request for Applications (RFA) competitive application process, funding has been made available for redevelopment projects that can move forward quickly, achieve significant leverage and redevelopment goals, and encourage innovation and creativity by the private sector and nonprofit sponsors committed to Baltimore City’s revitalization.

Specific activities eligible for Project C.O.R.E. funding are:

- *Acquisition*: costs associated with purchasing vacant buildings and/or land. Properties may be owned by private or public entities. Related-party acquisitions will be subject to additional review by DHCD.
- *Demolition*: cost to demolish blighted structures.
- *Stabilization*: cost to complete structural and other critical repairs necessary to stabilize an existing structure, remove any materials that will not be used in the completed project, remove hazardous materials (e.g. asbestos, lead paint, etc.) and other costs approved by DHCD that are associated with preparing a currently vacant structure for redevelopment.
- *Site Development*: cost associated with the preparation of vacant site for new construction activities, including the removal of unsuitable soils/fill, hazardous materials, and the installation of new infrastructure (off-site and on-site).
- *Architectural and Engineering*: cost of architectural and engineering professional services directly associated with demolition, stabilization and site development aspects of the proposed project.

Projects that significantly build upon existing community strengths and assets are a priority. These strengths and assets include but are not limited to:

- Proximity to 21st Century School investments.
- Proximity to Anchor Institutions (such as universities and hospitals).
- Proximity to other major investments, including major rental preservation projects such as the Rental Assistance Demonstration (RAD) initiative.
- Proximity to transit and transit-oriented development, including the Maryland Department of Transportation BaltimoreLink and CityLink corridors of focus.
- Implementation of recent or new comprehensive plans, such as Baltimore City’s Green Network Plan.
- Reuse of landmark historic buildings.
- Projects that build upon and expand residential market strength for instance through homeownership in designated historic districts.

² “In Process” indicates that demolition has started or property was released to MSA for demolition. This does not include units in the pipeline still undergoing due process.

The Department has awarded 106 projects for a total of \$103.2 million in Project C.O.R.E. funding from FY 2016 through FY 2021. State funds have leveraged about \$418.5 million in other public, private, and philanthropic dollars, for a total project cost exceeding \$521.7 million. These numbers include awards made to the Maryland Stadium Authority for the MOU demolition and deconstruction activities as well as competitive awards to community and local government parties. The RFA process allows the Department to fund predevelopment activities that will put existing vacant lots and buildings back into use.

Project C.O.R.E. RFA funding committed in this way will support the new construction of more than 300 housing units and the expansion of the city’s inventory of usable green space and builds on investment from the Department’s other programs and resources in Baltimore City’s neighborhoods. Project C.O.R.E. RFA award details for awards made to community development organizations and local government partners for FY 2016 through FY 2021 are included in Exhibit E.

Project C.O.R.E RFA Award Summary			
FY	No. Awards	Total Award Amount	Total Project Cost
2016	12	\$9,132,607	\$24,750,764
2017	32	\$18,742,393	\$150,512,072
2018	27	\$22,375,000	\$99,140,037
2019	9	\$26,100,000	\$37,250,056
2020	8	\$7,850,000	\$13,431,358
2021	18	\$19,000,000	\$196,655,036
Totals	106	\$103,200,000	\$521,739,323

As the Project C.O.R.E. initiative has progressed, the Department has celebrated and highlighted the various Project C.O.R.E. activities. Due to the coronavirus pandemic and associated restrictions on in-person gatherings, Project C.O.R.E. events were substantially limited in FY 2021.

³ As properties are removed from the list due to a variety of reasons such as emergency demolitions and conversion to stabilization, the number of properties on each executed phase list will decrease. Additionally, this list includes properties proposed for a Phase 5, which was not yet executed at this time and is likely to decrease.
